*A Modern Approach* John Donald Comprehensive, authoritative, and cutting-edge, **THE LEGAL ENVIRONMENT OF BUSINESS** combines a classic black letter law approach with an interesting and accessible reader-friendly format. The cases, content, and features of the exciting new ninth edition have been thoroughly updated to represent the latest developments in the business law environment. An excellent assortment of cases ranges from precedent-setting landmarks to important recent decisions, and ethical, global, and corporate themes are integrated throughout. In addition, numerous features and exercises help you master the material and apply what you have learned to real-world issues, and the text offers an unmatched range of support resources, including innovative online study tools that help you work effectively and maximize your results. It's no wonder **THE LEGAL ENVIRONMENT OF BUSINESS** is used by more colleges and universities than any other legal environment text. Important Notice: Media content referenced within the product

description or the product text may not be available in the ebook version.

*Business Law, Alternate Edition: Text and Summarized Cases* W. W. Norton

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

*Business Law* Cengage Learning

"This compact reference gives a big picture overview of the intellectual property, contract, publicity, estate planning, and First Amendment issues that contribute to the field of entertainment law. Professor Burr also

addresses specific legal issues that arise in the film, music, and television industries, including discussion of the rise of "reality" television. This Nutshell is ideal as a secondary text to accompany any entertainment law casebook, as the primary text for a seminar, or as background information for someone requiring an overview."--
