(SD) Taylor & Francis Collective political projects have become ephemeral and are subject to radical forms of erasure through cooptation, division, redefinition or intimidation in present times. Media and Utopia responds to the resulting crisis of the social by investigating the links between mediation and political imagination. This volume addresses those utopian spaces historically constituted through media, and analyses the conditions that made them possible. Individual essays deal with non-Western histories of technopolitics through distinctive perspectives on how to conceive the relationship between social form, everyday life, and utopian possibility,

and by examining a range of media formats and genres from print, sound, and film to new media. With contributions from major scholars in the field, this book will be of interest to researchers and scholars of media studies, culture studies, sociology, modern South Asian history, and politics.

Through its investigation of the underlying political economy of gender, caste and class in India, this book shows how changing historical geographies are shaping the subjectivities of Dalits across India in ways that are neither fixed nor predictable. It brings together ethnographies from across India to explore caste politics, Dalit feminism and patriarchy, religion, economics and the continued socio-economic and political marginalisation of Dalits. With contributions from major academics this is an indispensable book for researchers, teachers and students working on new political expressions, gender identities, social inequalities and the continuing use of the notion of 'caste' identity in the oppression of subalterns in contemporary India. It will

be essential reading in the disciplines of politics, gender, social exclusion studies, sociology and social anthropology.

Abstracts of the Annual Meeting Chicago : American Library Association Mani Ratnam's Nayakan is among Time's '100 Best Movies Ever'; and Roja launched A.R. Rahman. This book, unique to Indian cinema, illuminates the genius of the man behind these and eighteen other masterly films. For the first time ever, Mani Ratnam opens up here, to Baradwaj Rangan, about his art, as well as his life before films. In these

freewheeling conversations—candid, witty, pensive, and sometimes combative—many aspects of his films are explored. Ratnam elaborates in a personal vein on his choice of themes, from the knottiness in urban relationships (Agni Natchatiram) to the rents in the national fabric (Bombay); his directing of children (Anjali); his artful use of songs; his innovative use of lighting; as also his making of films in Hindi and other languages. There are fond recollections of collaborations with stalwarts like Balu Mahendra, P.C. Sreeram, Thotta Tharrani and Gulzar, among many others. And delectable behind-the-scenes stories—from the contrasting working styles of the legendary composer Ilaiyaraaja and Rahman to the unexpected dimensions Kamal Haasan brought to the filming of Nayakan to what Raavan was like when originally conceived. In short, like Mani Ratnam's films, Conversations surprises, entertains and stimulates. With Rangan's personal and impassioned introduction setting the Tamil and national

context of the films, and with posters, script pages and numerous stills, this book is a sumptuous treat for serious lovers of cinema as well as the casual moviegoer looking for a peek behind the process.

Outlook Penguin UK Sri Lanka is an ancient civilization, shaped and thrust into the modern globalizing world by its colonial experience. With its own unique problems, many of them historical legacies, it is a nation trying to maintain a democratic, pluralistic state structure while struggling to come to terms with separatist aspirations. This is a complex story, and there is perhaps no better person to present it in reasoned, scholarly terms than K.M. de Silva, Sri Lanka's most distinguished and prolific historian. A History of Sri Lanka, first published in 1981, has established itself as the standard work on the subject. This fully revised edition, in light of the most recent research, brings the story right up to the early years of the twenty-first century. The book provides comprehensive coverage of all aspects of Sri Lanka's development—from a

classical Buddhist society and irrigation economy, to its emergence as a tropical colony producing some of the world's most important cash crops, such as cinnamon, tea, rubber and coconut, and finally as an Asian democracy. It is a study of the political vicissitudes of Sri Lanka's ancient civilization and the successive phases of Portuguese, Dutch and British colonial rule. The unfortunate consequences of becoming a centre of ethnic tension and Sri Lanka's long-standing relationship with India are also discussed.

Exhaustively researched and analytical, this book is an invaluable reference source for students of ancient, colonial and post-colonial societies, ethnic conflict and democratic transitions, as well as for all those who simply want to get a feel of the rich and varied texture of Sri Lanka's long history.

In Egypt Islamists clash with secularists over religious and national identity, while in Turkey secularist ruling elites have chosen to accommodate Islamists in the name of democracy and reconciliation. As Islam spreads throughout the world, Muslims living in their traditional homelands and in the Western world are grappling with shifting identities. In all cases, understanding the dynamics of identity-based politics is critical to the future of Muslims and their neighbors across the globe. In *Muslims in Global Politics*, Mahmood Monshipouri examines the role identity plays in political conflicts in six Muslim nations—Egypt, Iraq, the United Arab Emirates, Turkey, Iran, and Indonesia—as well as in Muslim diaspora communities in Europe and North America. In each instance, he describes how conservatives, neofundamentalists, reformists, and secularists construct identity in different ways and how these identities play out in the political arena. With globalization, the demand for human rights continues to grow in the Muslim world, and

struggles over modernity, authenticity, legitimacy, and rationality become increasingly important. *Muslims in Global Politics* deepens our understanding of how modern ideas and norms interact with the traditions of the Islamic world and, in turn, shows how human rights advocates can provide an alternative to militant Islamist movements. [India's Newspaper Revolution](#) SAGE Publications India In Indian context. *Lal Kitab The World News PrismDigital, Social and Interactive* On the political conditions in Sri Lanka after civil war in 1983 and its effect on development; a study. *Vanguard of an Alternative Politics in India* Routledge This book unravels the institutions surrounding witchcraft in the central Indian state of Chhattisgarh through theoretical and empirical research on witchcraft, violence and modernity in contemporary times. The author pieces together 'fragments' of stories gathered utilising ethnographic methods to examine the meanings associated with witches and witchcraft, and how they connect with social

relations, gender, notions of agency, law, media and the state. The volume uses the metaphor of the shattered urn to tell the story of the accusations, punishment, rescue and the aftermath of the events of the trial of women accused of being witches. It situates the *ṭonhī* or witch as a key elaborating symbol that orders behaviour to determine who the socially included and excluded are in communities. Through the personal interviews and other ethnographic methods conducted over the course of many years, the author delves into the stories and practices related to witchcraft, its relations with modernity, and the relationship between violence and ideological norms in society. Insightful and detailed, this book will be of great interest to academics and researchers of anthropology, development studies, sociology, history, violence, gender studies, tribal studies and psychology. It will also be useful for readers in both historic and contemporary witchcraft practices as well as policy makers. **Interactions of Photons and Leptons with**

Matter Taylor & Francis Whose News?: The Media and Women's Issues (1994) quickly became an international classic which was widely used. The decade that has passed since its publication has witnessed dramatic developments in the media environment across the world. As a consequence, the coverage of gender issues in the media today has to be viewed and evaluated against the background of globalization in general and media globalization in particular. This is just what this new and updated edition of the pioneering book does. In particular, it addresses the set of questions that has arisen in recent years concerning women's access to the media and to information as users, their participation in media and communication structures, and their portrayal and perspectives in media content. This new edition retains its unique gender analysis of media content, and situates, views and evaluates the coverage of gender issues in the media within the context of recent trends in both

the economy and the media industry. Employing a novel and nuanced methodology, it offers a distinctive view of the history of both the media and the women's movement in India as the 20th century gave way to the 21st. It also examines current media coverage of women's issues such as dowry-related violence, rape, sex selection, Muslim women's legal rights, and the practice of sati.

Dalit Women Concept Publishing Company A vibrant fable of marriage, caste and social convention from a major Indian writer Kali and Ponna are perfectly content in their marriage, aside from one thing, they are unable to conceive. As their childlessness begins to attract local gossip and family disapproval, they try everything from prayers to potions, but none of the offerings or rituals helps. Increasingly unhappy and desperate, they consider a more drastic plan: the annual chariot festival, a celebration of the half-male, half-female god Maadhorubaagan. For one night, the rules of marriage are relaxed, and

consensual sex between unmarried men and women is overlooked, for all men are considered gods. But rather than bring them together, this scheme threatens to drive the couple apart. Selling over 100,000 copies in India, where it was published first in the original Tamil and then in this celebrated English translation, *One Part Woman* has become a cult phenomenon in the subcontinent, jump-starting conversations about caste and female empowerment. Tender, deeply poignant, and bitingly critical, *One Part Woman* is a powerful exploration of a loving marriage under strain. Perumal Murugan is an Indian author and professor of Tamil literature. He has written six novels and four collections each of short stories and poetry. His best-known novel *One Part Woman*, highly controversial in India, won the ILF Samanvay Basha Samman, and Aniruddhan Vasudevan's English rendering won the Translation Prize from India's National Academy of Letters.
