The Spanish Civil Code - In force in Spain, Cuba, Puerto Rico, and the Philippines is an unchanged, high-quality reprint of the original edition of 1899. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

[Introduction to Spanish Private Law](#) Theclassics.us

This detailed analysis of the content and configuration of civil codes in diverse jurisdictions also examines their relationship with some branches of private law as: family law, commercial law, consumer law and private international law. It analyzes the codification, decodification and recodification processes illuminating the dialogue between current codes - and private law legislation in general - with Constitutions and International Conventions. The commentary elucidates the changing requirements of civil law as it shifted from an early protection of patrimony to a support for commercial and contractual law. It also explains the varying trajectories of civil law, which in some jurisdictions was merged with religious legal tenets in its codification of familial relations, while in others it was fused with commercial law or, indeed, codified from scratch as a discrete legal corpus. Elsewhere, the volume provides material on differing approaches to consumer law, where relevant legislation may be scattered across numerous statutes, and also on private international law, a topic of increasing relevance in a world where business corporations have interests in multiple jurisdictions (and often play one off against another). The volume features invited contributions from leading scholars in the field of private law brought together for an in depth analysis of the current regulatory attitude in this field of the law in jurisdictions with diverse legal systems and traditions. In current times we are witnessing the adoption of diverging regulatory solutions.

Through the analysis of the past and present of private law regulation, the volume unveils the underlying trends and relevance of the codification method across the world.

[The Civil Law in Spain and Spanish-America](#) Arkose Press

Spain has an extraordinarily rich legal history, one that reflects Roman, Gothic, Arabic, Papal, Holy Roman and French influences, and was the first nation to produce a published commercial code. Walton provides a thorough account of Spanish civil law and its influence.

Handbook on Spanish Civil Patrimonial Law Scholar's Choice The legal processes are also explored, along with a consideration of Spain's relationship with the ECU and how EC law has affected the Spanish national laws.

Spain Dartmouth Publishing Company

A legal analysis of Customs and Excise legislation, excluding VAT. Coverage centres on the protection, security, collection and management of revenues derived from excise duties levied on goods produced in the UK. All customs law now falls under one Community code, which is examined in this text.

The Civil Code of Spain Forgotten Books

This Handbook on Spanish Civil Patrimonial Law is a concise and accurate introduction to Spanish Civil Law. It is especially interesting for students in degrees with an economic content (Business Administration, Economics, Accounting and Finance, Tourism, etc.). It is a basic text for students and teachers in the bilingual studies. It gives a general overview of the Spanish Civil Law, focusing on the economic aspects of the legal relations and institutions. That is, the Handbook not only refers to patrimonial matters, but it also gives a basic knowledge of the pillars of Civil Law. The person, the Law of obligations, the Law of contracts, non-contractual liability, rights in rem and even family and succession law are studied herein. But not only is this Handbook interesting for students. Its clarity and preciseness make of it a perfect tool for businessmen and lawyers with foreign clients. This Handbook is a work which accurateness and quality can be relied upon in the daily business practice.

Property and Contract Bloomsbury Publishing

The topics addressed in this book have traditionally been covered in separate publications on civil and commercial law. This dualism of regimes has made it difficult for students and professionals alike to comprehend Spanish private law as a whole. In the past this has led to inefficient duplication of explanations, gaps in key areas and an altogether fragmented picture. Introduction to Spanish Private Law presents a consolidated, modern, and realistic image of today's Spanish private legal system. It combines both civil and commercial law and integrates them in the same book, making the overall subject far more accessible to readers. This united approach results in a more logical and efficient process of learning. Finally the issues that are addressed reflect the reality of today's economic and legal scene. This book attempts to provide the readers with the necessary legal instruments to tackle the real problems arising from a globalized modern society. The general principles in this book are presented from a practical point of view that emanates from the authors' conception of a legal system as an instrument to solve social problems in accordance with a set of principles, values and aims.

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1899 edition. Excerpt: ... Government or the courts, shall be continued in accordance with preceding legislation, unless the fathers or petitioners for such grace desist from these proceedings and prefer those established in this Code. Rights to the inheritance of persons who have died, with or without a will, before this Code is in force, shall be ruled by the preceding legislation. The inheritances of those who die after that time, with or without a testament, shall be adjudicated and distributed according to this Code, but complying, in so far as the latter permits it, with the testamentary provisions. Therefore, the legitimes, advantages, and legacies shall be respected; but their amounts shall be reduced, when it is not possible, in any other manner, to give to each participant in the inheritance, the portion corresponding to him, according to this Code. 13. Cases, not directly comprised in the preceding provisions, shall be determined by applying the principles on which they are founded. ADDITIONAL PROVISIONS. 1. The President of the Supreme Court and those of the Territorial Audiencias shall transmit to the Secretary of Grace and Justice, at the end of each year, a report in which, referring to the affairs of which the civil branches have taken cognizance during the same year, they may point out the deficiencies and doubts which they have met in applying this Code. They shall state, in detail in the same, the questions and points of law controverted, and the articles or omissions of the Code which have given cause for doubts to the Court. 2. The Secretary of Grace and Justice shall transmit these reports and a copy of the civil statistics of the same year to the General Commission on Codification. 3 In v iew of this data, of the progress made in other...

The Civil Law in Spain and Spanish-America

This book explores a range of comparative issues in, and in the relationship between, property law and contract law in English

and Spanish law. It also draws on other jurisdictions. The purpose is to give readers access to discussions of these areas of private law that are not easily accessible elsewhere. It goes further, however, than simply setting out similarities and differences: it provides an insightful analysis of key points of interest in the comparison of the legal systems discussed.

Civil Code of Spain

Excerpt from *The Spanish Civil Code: In Force in Spain, Cuba, Puerto Rico, and the Philippines* Art. 2. This Code will go into effect in the aforesaid Islands twenty days after its publication in the official papers of the same. Art. 3. In harmony with the provisions of art. 1 of the same Code, the laws shall go in force in the Colonial provinces, twenty days after their promulgation, it being understood that this shall be considered as made the day on which their insert ions in the official papers of the Islands terminate.
