HOWE BREANNA

The Overachievers Simon and Schuster

Now in paperback, the New York Times bestseller-with over 91,000 copies in print-takes you behind closed doors to see what really goes on in America's sororities. Ever wonder what sorority life is really like In Pledged, bestselling author Alexandra Robbins goes undercover to expose the dark side of collegiate sisterhood-the psychological abuse, hazing rituals, and widespread body image disorders-while at the same time introducing us to many of the intelligent, successful women within its ranks. The result is a compelling sociological exploration of the powerful influence that these organizations wield over young women today. With its fly-on-the-wall voyeurism and remarkable insight, Pledged paints a sharp-eyed portrait of the intriguing and paradoxical world of modern-day sororities.

The Secret Life of Girls Around the World Hachette UK

This compelling, honest book investigates the growing epidemic of prescription painkiller abuse among today's Generation Rx. Through gripping profiles and heartbreaking confessions, this memoir dares to uncover the reality--the addiction, the withdrawal, and the recovery--of this newest generation of pill poppers. Joshua Lyon was no stranger to substance abuse. By the time he was seventeen, he had already found sanctuary in pot, cocaine, Ecstasy, and mushrooms--just to name a few. Ten years later, on assignment for Jane magazine, he found himself with a two-inch-thick bottle of Vicodin in his hands and only one decision to make: dispose of the bottle or give in to his curiosity. He chose the latter. In a matter of weeks he'd found his perfect drug. In the early half of this decade, purchasing painkillers without a doctor was as easy as going online and checking the spam filter in your inbox. The accessibility of these drugs--paired with a false perception of their safety--contributed to their epidemic-like spread throughout America's twenty-something youth, a group dubbed Generation Rx. Pill Head is Joshua Lyon's harrowing and bold account of this generation, and it's also a memoir about his own struggle to recover from his addiction to painkillers. The story of so many who have shared this experience--from discovery to addiction to rehabilitation--Pill Head follows the lives of several young people much like Joshua and dares to blow open the cultural phenomena of America's newest pill-popping generation. Marrying the journalist's eye with the addict's mind, Joshua takes readers through the shocking and often painful profiles of recreational users and suffering addicts as they fight to recover. Pill Head is not only a memoir of descent, but of endurance and of determination. Ultimately, it is a story of encouragement for anyone who is wrestling to overcome addiction, and anyone who is looking for the strength to heal.

The Great Secret: The Classified World War II Disaster that Launched the War on Cancer Dell

Her Warrior... To forge an alliance between the English and the Scots, Lady Rosamond must marry a Lowland stranger. But when a mysterious attacker threatens the engagement and her life, Robert the Bruce assigns one of his most trusted warriors to protect her. Finn Sutherland's brooding gaze is almost as dark as his heart, yet Rosamond finds herself captivated by her Highland bodyguard. Now she must choose between responsibility and the searing need Finn ignites within her. His Pledge... Finn is honor-bound to swallow his hatred of the English and serve as bodyguard to Lady Rosamond. He never expects his charge to touch his scarred heart with her warmth and kindness. Worse, her honey hair and violet eyes bring him to his knees with lust. When the threat to Rosamond spirals out of control, Finn does the only thing he can think of to protect her--he stands in for her betrothed as a proxy husband. As desire clashes with duty, Finn's pledge will be tested like never before.

A Mother, a Child, and the Secret History of Adoption Berkley Publishing Group

An exclusive look inside the power and politics of college fraternities in America as they struggle to survive despite growing waves of criticism and outrage. College fraternity culture has never been more embattled. Once a mainstay of campus life, fraternities are now subject to withering criticism for reinforcing white male privilege and undermining the lasting social and economic value of a college education. No fraternity embodies this problem more than Sigma Alpha Epsilon, a national organization with more than 15,000 undergraduate brothers spread over 230 chapters nationwide. While SAE enrollment is still strong, it has been pilloried for what John Hechinger calls "the unholy trinity of fraternity life": racism, deadly drinking, and misogyny. Hazing rituals have killed ten undergraduates in its chapters since 2005, and, in 2015, a video of a racist chant breaking out among its Oklahoma University members went viral. That same year, SAE was singled out by a documentary on campus rape, *The Hunting Ground*. Yet despite these problems and others, SAE remains a large institution with strong ties to Wall Street and significant political reach. In *True Gentlemen*, Hechinger embarks on a deep investigation of SAE and fraternity culture generally, exposing the vast gulf between its founding ideals and the realities of its impact on colleges and the world at large. He shows how national fraternities are reacting to a slowly dawning new reality, and asks what the rest of us should do about it. Should we ban them outright, or will they only be driven underground? Can an institution this broken be saved? With rare access and skillful storytelling, Hechinger draws a fascinating and necessary portrait of an institution in deep need of reform, and makes a case for how it can happen.

Emotional Creature Createspace Independent Pub

The groundbreaking investigative story of how three successive presidents and their military commanders deceived the public year after year about America's longest war, foreshadowing the Taliban's recapture of Afghanistan, by Washington Post reporter and three-time Pulitzer Prize finalist Craig Whitlock. Unlike the wars in Vietnam and Iraq, the US invasion of Afghanistan in 2001 had near-unanimous public support. At first, the goals were straightforward and clear: to defeat al-Qaeda and prevent a repeat of 9/11. Yet soon after the United States and its allies removed the Taliban from power, the mission veered off course and US officials lost sight of their original objectives. Distracted by the war in Iraq, the US military became mired in an unwinnable guerrilla conflict in a country it did not understand. But no president wanted to admit failure, especially in a war that began as a just cause. Instead, the Bush, Obama, and Trump administrations sent more and more troops to Afghanistan and repeatedly said they were making progress, even though they knew there was no realistic prospect for an outright victory. Just as the Pentagon Papers changed the public's understanding of Vietnam, *The Afghanistan Papers* contains startling revelation after revelation from people who played a direct role in the war, from leaders in the White House and the Pentagon to soldiers and aid workers on the front lines. In unvarnished language, they admit that the US government's strategies were a mess, that the nation-building project was a colossal failure, and that drugs and corruption gained a stranglehold over their allies in the Afghan government. All told, the account is based on interviews with more than 1,000 people who knew that the US government was presenting a distorted, and sometimes entirely fabricated, version of the facts on the ground. Documents unearthed by *The Washington Post* reveal that President Bush didn't know the name of his Afghanistan war commander—and didn't want to make time to meet with him. Secretary of Defense Donald Rumsfeld admitted he had "no visibility into who the bad guys are." His successor, Robert Gates, said: "We didn't know jack shit about al-Qaeda." *The Afghanistan Papers* is a shocking account that will supercharge a long overdue reckoning over what went wrong and forever change the way the conflict is remembered.

The Secret Life of Dog Catchers Penguin

* A Real Simple Best Book of 2019: "An essential read for parents and students." * The New York Times bestselling author of *Pledged* is back with an unprecedented fly-on-the-wall look inside fraternity houses from current brothers' perspectives—and a fresh, riveting must-read about what it's like to be a college guy today. Two real-life stories. One stunning twist. Meet Jake, a studious freshman weighing how far to go to find a brotherhood that will introduce him to lifelong friends and help conquer his social awkwardness; and Oliver, a hardworking chapter president trying to keep his misunderstood fraternity out of trouble despite multiple run-ins with the police. Their year-in-the-life stories help explain why students are joining fraternities in record numbers despite scandalous headlines. To find out what it's like to be a fraternity brother in the twenty-first century, Robbins contacted hundreds of brothers whose chapters don't make headlines—and who suggested that many fraternities can be healthy safe spaces for men. *Fraternity* is more than just a page-turning, character-driven read. It's a vital book about the transition from boyhood to manhood; it brilliantly weaves psychology, current events, neuroscience, and interviews to explore the state of masculinity today, and what that means for students and their parents. It's a different kind of story about college boys, a story in which they candidly discuss sex, friendship, social media, drinking, peer pressure, gender roles, and even porn. And it's a book about boys at a vulnerable age, living on their own for perhaps the first time. Boys who, in a climate that can stigmatize them merely for being

male, don't necessarily want to navigate the complicated, coming-of-age journey to manhood alone.

Total Frat Move Grand Central Publishing

Toy Story meets *Stranger Things* in this epic tale of warrior teddy bears and the children they protect. Spark is not your average teddy bear. She's soft and cuddly, sure, but she's also a fierce warrior. At night she fulfills her sacred duty: to protect the household from monsters. But Spark's owner Loretta is growing up and thinks she doesn't need her old teddy anymore. When a monster unlike any other descends on the quiet home, everything changes. Children are going missing, and the monster wants Loretta next. Only Spark can stop it. She must call upon the ancient League of Ursus—a secret alliance of teddy bears who are pledged to protect their human friends. Together with an Amazon-princess doll and a timid sock monkey, the bears are all that stands between our world and the one that lies beneath. It will be a heroic chapter in the history of the League . . . if the bears live to tell the tale.

Hazing Penguin

The American Fraternity is a mysterious photo and ritual book that lifts the veil on America's oldest and most influential male tradition. The text comes from a decaying ritual manual from a prominent college fraternity. Seventy-five percent of modern U.S. presidents, senators, justices, and executives have taken arcane oaths of allegiance like the ones it contains. Six decades of red ceremonial wax stain it like blood. It is filled with dark power.

Unveiled Barricade Books Incorporated

2015 Edition: With a New Preface, Afterword, and Updates.

"Alexandra Robbins rips into the secret, sordid underbelly of sororities."--*Vanity Fair* Updated ten years after its original publication, *Pledged* by Alexandra Robbins is as timely today as it was when first published. With salacious breaking news about fraternities and sororities shocking the general public (and members themselves) *Pledged* exposes what really goes on behind the facades of some of these Greek organizations. Robbins, an investigative journalist, went undercover as a sorority sister; her expose is a breathtaking narrative of tumultuous breakups, fights, drunk driving, stalkers, cover-ups, predation by faculty and staff, theft, rape, and an abundance of drugs and alcohol, and much, much more.

The Unique Challenges of Life in Your Twenties Quirk Books

"There's not a better Southern author writing today than Lisa Patton. Funny, touching, and full of twists and turns. I couldn't have loved it more." - Fannie Flagg, New York Times bestselling author of *Fried Green Tomatoes at the Whistle Stop Café* *Rush* is recommended by... Atlanta Journal Constitution as a Southern Beach Book SouthernLiving.com as a 2018 Beach Read Deep South Magazine's Summer Reading List Southern Independent Bookseller's Alliance as a SUMMER 2018 OKRA PICK Modern Mrs. Darcy Fall Lineup Set in modern day Oxford, Mississippi, on the Ole Miss campus, bestselling author Lisa Patton's *RUSH* is a story about women—from both ends of the social ladder—discovering their voices and their empowerment. Cali Watkins possesses all the qualities sororities are looking for in a potential new member. She's kind and intelligent, makes friends easily, even plans to someday run for governor. But her resume lacks a vital ingredient. Pedigree. Without family money Cali's chances of sorority membership are already thin, but she has an even bigger problem. If anyone discovers the dark family secrets she's hiding, she'll be dropped from *Rush* in an instant. When Lilith Whitmore, the well-heeled House Corp President of Alpha Delta Beta, one of the premiere sororities on campus, appoints recent empty-nester Wilda to the *Rush* Advisory Board, Wilda can hardly believe her luck. What's more, Lilith suggests their daughters, both incoming freshman, room together. What Wilda doesn't know is that it's all

part of Lilith's plan to ensure her own daughter receives an Alpha Delt bid—no matter what. For twenty-five years, Miss Pearl—as her “babies” like to call her—has been housekeeper and a second mother to the Alpha Delt girls, even though it reminds her of a painful part of her past she'll never forget. When an opportunity for promotion arises, it seems a natural fit. But Lilith Whitmore slams her Prada heel down fast, crushing Miss Pearl's hopes of a better future. When Wilda and the girls find out, they devise a plan destined to change Alpha Delta Beta—and maybe the entire Greek system—forever. Achingly poignant, yet laugh-out-loud funny, RUSH takes a sharp nuanced look at a centuries-old tradition while exploring the complex, intimate relationships between mothers and daughters and female friends. Brimming with heart and hope for a better tomorrow, RUSH is an uplifting novel universal to us all.

An Inside Look at a Year of College Boys Becoming Men Hachette UK

Vicky Unwin had always known her father – an erstwhile intelligence officer and respected United Nations diplomat – was Czech, but it was not until a stranger turned up on her doorstep that she discovered he was also Jewish. So began a quest to discover the truth about his past – one that perhaps would help answer the niggling doubts she had always had about her ‘perfect’ father. Finally persuading him to allow her to open a closely guarded cache of family books and papers, Vicky discovered the identity of her grandfather: the tormented author and diplomat Hermann Ungar, hugely controversial in both life and in death, who was a protégé and possible lover of Thomas Mann, and a friend of Berthold Brecht and Stefan Zweig. How much of her father's child was Vicky – and how much of his father's child was he? As Vicky worked to uncover deeply buried family secrets, she would find herself slowly unpicking the lingering power of ‘survivors’ guilt’ on the generations that followed the Holocaust, and would learn, via a deathbed confession, of the existence of a previously unknown sister. Together, the sisters attempted to come to terms with what had made their father into the deeply flawed, complex, yet charismatic man he has always been, journeying together through grief and heartache towards forgiveness.

The Sunday Times number one bestseller. Winner of the Books are My Bag Non-Fiction Award. Shortlisted for Waterstones Book of the Year. Shortlisted for Specsavers Non-Fiction Book of the Year. You may not wish to think about it, but one day you or someone you love will almost certainly appear in a criminal courtroom. You might be a juror, a victim, a witness or – perhaps through no fault of your own – a defendant. Whatever your role, you'd expect a fair trial. I'm a barrister. I work in the criminal justice system, and every day I see how fairness is not guaranteed. Too often the system fails those it is meant to protect. The innocent are wronged and the guilty allowed to walk free. In *The Secret Barrister: Stories of the Law and How It's Broken* I want to share some stories from my daily life to show you how the system is broken, who broke it and why we should start caring before it's too late. A Sunday Times top ten bestseller for twenty-four weeks. ‘Eye-opening, funny and horrifying’ – Observer ‘Everyone who has any interest in public life should read it’ – Daily Mail

Broken Hearts, Lost Souls, and Sexual Tumult in Nineteenth-Century America Penguin

Performed by an ensemble of young women, EMOTIONAL CREATURE is made up of original monologues—and irresistible songs—about and for girls. Placing their stories squarely center

stage, it gives full expression to their secret voices and innermost thoughts, highlighting the diversity and commonality of the issues they face. EMOTIONAL CREATURE is a call, a reckoning, an education, an act of empowerment for girls, and an illumination for parents and for us all. Eve Ensler's Emotional Creature is a vehicle to empower girls and inspire their activism. V-Girls is a global network of girl activists and advocates. In the same way The Vagina Monologues built a movement on college campuses and in communities, young girls will be able to participate in V-Day's empowerment philanthropy model, igniting their activism through V-Girls. V-Girls is rooted in youth-driven activism. A V-Girls Action Guide provides service-learning curriculum for middle and high school youth based on issues covered in Emotional Creature, with an emphasis on activism. Organizers can start a V-Girls club or incorporate V-Girls resources into an existing youth program.

Spark and the League of Ursus Crown

This is the only exposé of one of the world's most secretive and feared organizations: Yale University's nearly 200-year-old secret society, Skull and Bones. Through society documents and interviews with dozens of members, Robbins explains why this old-boy product of another time still thrives today.

The Secret Life of Bees Simon and Schuster

2 March 1810 . . . Today, I fell in love. At the age of ten, Miranda Cheever showed no signs of Great Beauty. And even at ten, Miranda learned to accept the expectations society held for her—until the afternoon when Nigel Bevelstoke, the handsome and dashing Viscount Turner, solemnly kissed her hand and promised her that one day she would grow into herself, that one day she would be as beautiful as she already was smart. And even at ten, Miranda knew she would love him forever. But the years that followed were as cruel to Turner as they were kind to Miranda. She is as intriguing as the viscount boldly predicted on that memorable day—while he is a lonely, bitter man, crushed by a devastating loss. But Miranda has never forgotten the truth she set down on paper all those years earlier—and she will not allow the love that is her destiny to slip lightly through her fingers . . .

A Novel Hachette Books

Drawing on interviews with more than three hundred nuns from a variety of orders and reflecting a diversity of beliefs, this candid study of life behind the walls of the convent describes their daily lives, their daily worship services, vow ceremonies, friendships, attitude toward the modern world and its consumerism, and interior lives. Reprint.

The Nurses Workman Publishing

NATIONAL BESTSELLER • “A fire-breathing, righteous attack on the culture of superprivilege.”—Michael Wolff, author of the #1 New York Times bestseller *Fire and Fury*, in the New York Times Book Review NOW WITH NEW REPORTING ON OPERATION VARSITY BLUES In this explosive and prescient book, based on three years of investigative reporting, Pulitzer Prize winner Daniel Golden shatters the myth of an American meritocracy. Naming names, along with grades and test scores, Golden lays bare a corrupt system in which middle-class and working-class whites and Asian Americans are routinely passed over in favor of wealthy white students with lesser credentials—children of alumni, big donors, and celebrities. He reveals how a family donation got Jared Kushner into Harvard, and how colleges comply with Title IX by giving scholarships to rich women in “patrician sports” like horseback riding and crew. With a riveting new chapter on Operation Varsity Blues, based on original reporting, *The Price of Admission* is a must-read—not only for parents and students with a personal stake in college admissions but also for those disturbed by the growing divide between ordinary and privileged Americans. Praise for *The Price of*

Admission “A disturbing exposé of the influence that wealth and power still exert on admission to the nation’s most prestigious universities.”—The Washington Post “Deserves to become a classic.”—The Economist

Inside Greek U. Dramatists Play Service Inc

The gripping story of a chemical weapons catastrophe, the cover-up, and how one American Army doctor’s discovery led to the development of the first drug to combat cancer, known today as chemotherapy. On the night of December 2, 1943, the Luftwaffe bombed a critical Allied port in Bari, Italy, sinking seventeen ships and killing over a thousand servicemen and hundreds of civilians. Caught in the surprise air raid was the John Harvey, an American Liberty ship carrying a top-secret cargo of 2,000 mustard bombs to be used in retaliation if the Germans resorted to gas warfare. When one young sailor after another began suddenly dying of mysterious symptoms, Lieutenant Colonel Stewart Alexander, a doctor and chemical weapons expert, was dispatched to investigate. He quickly diagnosed mustard gas exposure, but was overruled by British officials determined to cover up the presence of poison gas in the devastating naval disaster, which the press dubbed “little Pearl Harbor.” Prime Minister Winston Churchill and General Dwight D. Eisenhower acted in concert to suppress the truth, insisting the censorship was necessitated by military security. Alexander defied British port officials and heroically persevered in his investigation. His final report on the Bari casualties was immediately classified, but not before his breakthrough observations about the toxic effects of mustard on white blood cells caught the attention of Colonel Cornelius P. Rhoads—a pioneering physician and research scientist as brilliant as he was arrogant and self-destructive—who recognized that the poison was both a killer and a cure, and ushered in a new era of cancer research led by the Sloan Kettering Institute. Meanwhile, the Bari incident remained cloaked in military secrecy, resulting

in lost records, misinformation, and considerable confusion about how a deadly chemical weapon came to be tamed for medical use. Deeply researched and beautifully written, *The Great Secret* is the remarkable story of how horrific tragedy gave birth to medical triumph.

A Novel *One World*

“What would it be like to keep a secret for fifty years? Never telling your parents, your children, or even your husband?” *Codebreaker Girls: A Secret Life at Bletchley Park* tells the true story of Daisy Lawrence. Following extensive research, the author uses snippets of information, unpublished photographs and her own recollections to describe scenes from her mother’s poor, but happy, upbringing in London, and the disruptions caused by the outbreak of the Second World War to a young woman in the prime of her life. The author asks why, and how, Daisy was chosen to work at the Government war station, as well as the clandestine operation she experienced with others, deep in the British countryside, during a time when the effects of the war were felt by everyone. In addition, the author examines her mother’s personal emotions and relationships as she searches for her young fiancée, who was missing in action overseas. The three years at Bletchley Park were Daisy’s university, but having closed the door in 1945 on her hidden role of national importance — dealing with Germany, Italy and Japan — this significant period in her life was camouflaged for decades in the filing cabinet of her mind. Now her story comes alive with descriptions, original letters, documents, newspaper cuttings and unique photographs, together with a rare and powerful account of what happened to her after the war. “Here’s a beauty of a history of some of the codebreaking girls who helped save us during the second world war. This one’s about Daisy Lawrence’s extraordinary life as a poor girl brought up in London and then chosen for top secret work at Bletchley Park. Reads like fiction.” —Books Monthly
