TANYA CAREY

How to Build Electric Guitars John Wiley & Sons (Guitar Recorded Versions). This series includes performance notes and accurate tab for the greatest songs of every genre. From the essential gear, recording techniques and historical information, to the right- and left-hand techniques and other playing tips it's all here! Master 25 blues tunes, including: Baby, Scratch My Back * Down Home Blues * Going Down * I'm Yours and I'm Hers * Reconsider Baby * Right Place, Wrong Time * Shelter Me * Sweet Sixteen * Texas Flood * and more.
Ampeg John Wiley & Sons Profiles twenty-five guitar players who had a significant influence on

rock music, including Eric Clapton, Kurt Cobain, Carlos Santana, Stevie Ray Vaughn, Frank Zappa, and others.

Amps! Hal Leonard Corporation (Book). Ampeg: The Story Behind the Sound tells the tale of this extraordinary company on its 50th anniversary, weaving together the American success story of the company founder, the role of key inventors and inventions, and the development of innovative music equipment products all against the backgrounds of American pop music and corporate competition in the music industry. Many Ampeg endorsees are profiled, including: Johnny Smith, James Jamerson, Donald "Duck" Dunn, Gary Karr, Victor Wooten, Bill Wyman, Jason Newsted, Michael Anthony and more. The result provides something

of interest to musicians, collectors, and those who lived part of the history. Includes more than 200 photos and a 32-page color section. 288 pages, 8 1/2 x 11

A Desktop Reference of Hip Vintage Guitar Amps Hal Leonard Corporation (Guitar Book). From Merle Travis and Chet Atkins to Vince Gill and Brad Paisley, this book/audio pack offers an inside look at the genesis of country guitar. Provides solo transcriptions in notes & tab, lessons on how to play them, guitarist bios, equipment notes, photos, history, and much more. The audio contains full-band demos of every solo in the book! Songs include: Country Boy * Foggy Mountain Special * Folsom Prison Blues * Hellecaster Theme * Hello Mary Lou * I've Got a Tiger by the Tail * The Only Daddy That Will Walk the Line * Please, Please

Baby * Sugarfoot Rag * and more.

MacLife is the ultimate magazine about all things Apple. It's authoritative, ahead of the curve and endlessly entertaining. MacLife provides unique content that helps readers use their Macs, iPhones, iPods, and their related hardware and software in every facet of their personal and professional lives.

Jazz Times Hal Leonard Corporation (Book). If you have questions about guitar amplifiers-how to fix them, how to restore them, or how to hot-rod them-this book has the answer. This book is written for the guitarist or collector who desires a common sense approach to understanding the essence of vintage tube amps and vintage tube tone. Not written for engineers, it does not contain engineering formulas, polar mathematic equations, or abbreviations that are assumed you should know. Gerald Weber, a regular columnist for *Vintage Guitar* magazine, shares the knowledge he has accumulated over the years of repairing and building his line of Kendrick amps.

Guitar Gods Hal Leonard Corporation (Book). From the same "dream team" that created *The Fender Stratocaster Chronicles* (*Vintage Guitar* magazine's 2004 Book of the Year) comes this new publication covering the other side of Fender's legacy, the instrument amplifier. Revered as much as one's guitar, the Fender amplifier gets its due in this full-color, richly illustrated book. Features over 400 images, including legendary guitarists such as Eric Clapton, B.B. King, Neil Young, Pete Townshend, Stevie Ray Vaughan, Muddy Waters, and Dick Dale, and over 120 audio tracks that make terms and topics come alive.

Guitar DK

Fender Amps is the first book to chronicle this company's amazing contribution to the amplifier, providing a complete overview of its history and operation. From the K & F amp of 1945 to the Custom Amp Shop line of today, you'll understand why musicians continue to collect, rely and relish the sound of a Fender amplifier.

The Advertising Red Books John Wiley & Sons (Guitar Recorded

Versions). This series includes performance notes and accurate guitar tab for the greatest songs of every genre. From the essential gear, recording techniques and historical information to the right- and left-hand techniques and other playing tips it's all here! Learn to play 25 classics note for note, including: Addicted to Love * After Midnight * Another Brick in the Wall, Part 2 * Beat It * China Grove * Dream On * Fortunate Son * Go Your Own Way * Life in the Fast Lane * Lights * Message in a Bottle * Reeling in the Years * Refugee * Tom Sawyer * Wild Night * and more.

Circuit Analysis of a Legendary Tube Amplifier

Hal Leonard Corporation This book moves beyond general principles of tube amplifier design to carry out an intense examination of one of the most famous circuits of the rock era. The author begins with the 5F6-A's relatively simple triode preamps (bypassed cathode resistor, unbypassed cathode resistor, and cathode follower) and then progresses through the mathematically challenging tone stack, long-tailed-pair phase splitter, and push-pull

power amp. Every formula for every tube is derived in all its gory detail, including voltage gains, input and output impedances, frequency responses, dynamic power supply loads, and interactions with the rest of the system. The author's methods include the classic load lines and composite characteristic curves of Frederick Terman and the Radiotron Handbook as well as more modern techniques like linear regression and the Discrete Fourier Transform. Special attention is paid to quantifying the push-pull amplifier's nonlinear response and to analyzing power supply voltage sag as it reacts over time. The Bassman 5F6-A circuit has inspired guitar amplifier designs for over four decades, so sharpen your pencil, fire up your calculator, and find out what makes this amp rock! Richard Kuehnel is a member of the Circuits and Systems Society of the Institute of Electrical and Electronics Engineers. *Great Tube Amps and Guitar Mods*. Hal Leonard Corporation

Billboard Chartwell Books
 The rapid development in

various fields of Digital Audio Effects, or DAFX, has led to new algorithms and this second edition of the popular book, DAFX: Digital Audio Effects has been updated throughout to reflect progress in the field. It maintains a unique approach to DAFX with a lecture-style introduction into the basics of effect processing. Each effect description begins with the presentation of the physical and acoustical phenomena, an explanation of the signal processing techniques to achieve the effect, followed by a discussion of musical applications and the control of effect parameters. Topics covered include: filters and delays, modulators and demodulators, nonlinear processing, spatial effects, time-segment processing, time-frequency processing, source-filter processing, spectral processing, time and frequency warping musical signals. Updates to the second edition include: Three completely new chapters devoted to the major research areas of: Virtual Analog Effects, Automatic Mixing and Sound Source Separation, authored by leading researchers in the field .

Improved presentation of the basic concepts and explanation of the related technology. Extended coverage of the MATLABM scripts which demonstrate the implementation of the basic concepts into software programs. Companion website (www.dafx.de) which serves as the download source for MATLABM scripts, will be updated to reflect the new material in the book. Discussing DAFX from both an introductory and advanced level, the book systematically introduces the reader to digital signal processing concepts, how they can be applied to sound and their use in musical effects. This makes the book suitable for a range of professionals including those working in audio engineering, as well as researchers and engineers involved in the area of digital signal processing along with students on multimedia related courses.
Blue Book of Guitar Amplifiers Wakefield Press (Bass Recorded Versions Mixed). This is not your typical bass tab book. In the Tab+ series from Hal Leonard we provide you guidance on how to capture the bass tones for

each song as well as tips and advice on the techniques used to play the songs. Where possible, we've confirmed the gear used on the original recordings via new and previously published interviews with the bassists, producers, and/or engineers. Then we make general recommendations on how to achieve a similar tone, based on that info. Some of the songs will be easy to play even for advanced beginner students, and others might present a much greater challenge. In either case, we've identified key technique that should help you learn the songs with greater ease. This volume will help you master 25 must-know bass classics, including: Another One Bites the Dust * Around the World * Blurred Lines * The Boys Are Back in Town * Freewill * Hey Joe * The Joker * London Calling * My Generation * Sledgehammer * Strange Brew * Sweet Emotion * You Can Call Me Al * Young Lust * and more.

Texas Monthly Chartwell Books

This is the most authoritative and comprehensive reference work on the full range of guitar designs and playing styles ever produced. An

info-packed and intricately detailed, illustrated glossary that helps you 'talk guitar' with authority. Taking you all the way from deciding which instrument is best for you and your music to learning the essential techniques in ten of the most popular guitar styles and maximizing the potential of your guitar, effects, and amplifier, this book is a one-stop, fast track to fluency in all aspects of the most influential icon in the history of popular music. In this book, the world's leading specialists tell you what ingredients go into a vast range of guitars and amplifiers to make them sound the way that they do; coach you on making the most of your instruments, effects, and amps; tutor you in the essential playing skills of genres from Rock to Jazz to classical-and everything in between. Contributors include Dave Hunter, Tony Bacon, Robert Benedetto, Dave Burrell, Walter Carter, Dough Chandler, Paul Day, James Stevenson, Kari Bannerman, David Braid, Carl Filipiak, Nestor Garcia, Martin Goulding, Lee Hodgson, Max Milligan, and Rikky Rooksby.
