**DISCIPLE IV UNDER THE TREE OF LIFE** is the final study in the four-phase DISCIPLE program and is prepared for those who have completed **BECOMING DISCIPLES THROUGH BIBLE STUDY**. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV:

**UNDER THE TREE OF LIFE**. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times. *IB Music Revision Guide* Springer Science & Business Media

"...profoundly moving..." -Publishers Weekly Nelson Mandela's two great-grandchildren ask their grandmother, Mandela's youngest daughter, 15 questions about their granddad - the global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a freedom fighter who put down his weapons for the sake of peace, and who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child's perspective, and authored jointly by Nelson Mandela's great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday. *The English Teacher's Handbook* Hay House, Inc

It's rare to discover a candid sports autobiography-- even rare when the author is one of the most recognizable athletes in the world. But in *Shaq Talks Back*, Shaquille O'Neal for the first time talks frankly about his childhood, his life, his rivalries, and his career, culminating in a dramatic, behind-the-scenes account of the Los Angeles Lakers' drive to the NBA Championship. At seven feet one inch tall and 330 pounds, Shaq has always faced outsized expectations, even as a child when he towered over other kids. *Shaq Talks Back* is the story of how potential became reality-- how someone expected

to be a champion finally learned to become one. Beginning with his memory of crying on the court after the Lakers defeated the Indiana Pacers, Shaq takes us back to his younger days in Newark and Jersey City, New Jersey, then to Georgia and finally to Germany, where he began to harness some of his height and strength. From there, he recounts the remarkable progress of his basketball career, changing from a big but inexperienced teenager to a dominant college and professional player. Shaq talks about: \* Playing at Louisiana State University for the unpredictable coach Dale Brown \* Signing the biggest rookie contract ever with the Orlando Magic-- and going to the NBA Finals for the first time \* What happened next: dissent, disappointment, and his decision to leave for Los Angeles \* The dysfunctional Lakers who were never able to win the big games \* Dealing with egos as he finds the right chemistry with Kobe Bryant, Phil Jackson, and new additions to the team \* Rivalries with Alonzo Mourning, Patrick Ewing, Hakeem Olajuwon, David Robinson, and others \* The trouble with free throws... \* "Bling-bling" and women: the larger-than-life world of NBA players off the court \* Inside the Lakers' comeback from the brink against Portland and the drive to the NBA championship Funny, insightful, opinionated, and unexpectedly moving, *Shaq Talks Back* is the true voice of the NBA's best player.

This Technical Note discusses findings of interconnectedness and spillover analysis on Italy. The market-based measures of tail risks and interconnectedness among key banks and insurance companies in Italy have declined from their peak but remain at elevated levels. Although the

stress on Banca Monte dei Paschi di Siena has been manifesting on its own, the market perception about the condition of the banks appears to be increasingly contaminating the market views on other Italian financial institutions. It is also observed that exogenous factors, such as the Italian sovereign, are the key source of systemic risk for the market pricing of Italian financial institutions.

The Books of the Bible (New Testament) is a revolutionary new presentation of Scripture that strips away centuries of artificial formatting, leaving behind nothing but pure Bible text. The result is a Bible unlike any other available today, but more like the original Scriptures. The Books of the Bible is specially designed to be read from start to finish, as if you were reading a novel. Natural literary breaks have been restored and the books have been rearranged chronologically, rather than by length, leading to a more

authentic presentation of the Bible. There is also a helpful introduction to each book that sets the text in context, rather than adding explanation or application. The NIV text is also set in single-column format, rather than in two columns as you usually find in the Bible. This aids reading longer chunks at a time, as you would if you were reading a novel for pleasure. This edition features colour photos from the LUMO Project films of the four Gospels - Matthew, Mark, Luke and John. The project has been informed by leading world experts' latest theological, historical and archaeological research on every aspect of life in first century Palestine. It was shot on location in Morocco, using the very latest 35mm digital film cameras to ensure picture quality of the very highest standard across a number of platforms - cinema, broadcast, BluRay, DVD and the web. The voice-over script is taken from the NIV Bible but the films have been shot with the intention of overlaying the Bible text in any language. These multi-language Biblical resources are set to transform the way in which people engage, discover and study the life of Jesus through the Gospels.
